Dear Sir,

Request to extend project submit deadline

I'm doing my MCS project with Dr. Prasad Wimalaratne and I submit my draft dissertation to Dr. Prasad and I was addressing his review comment. And suddenly I was admitted to hospital on Sunday 6th Nov and as they diagnose it was appendicitis and operate following morning. They discharged me 8th Nov evening. Eventhough they ask me rest for couple of days because of the wound.

Therefore please do the needful to extend my submission deadline. Following are the details of my project,

Reg. No. : 2008/MCS/045
Index No : 08440454
Title : Emulate Ad-Hoc Sensor Network using Smart Phones
Supervisor : Dr. Prasad Wimalaratne

Please find the copies of attached Diagnostic card and the Medical report.

Thank you.
