Dear Sir,

Change the MCS Project title

While continuing MCS project with supervisor Dr. Prasad Wimalaratne I realized that my project title was little misleading and not appropriate for the work I'm doing correctly. Therefore after discussing with my supervisor it made clear to me that changing the title will make a difference. Therefore please do the needful to approve my new title to the project. Following are the details of my project,

Reg. No. : 2008/MCS/045
Index No : 08440454
Current Title : Emulate Ad-Hoc Sensor Network using Smart Phones
New Title : Ad-Hoc Sensor Network over Mobile Devices
Supervisor : Dr. Prasad Wimalaratne

Thank you.
